About

PSM Certified ### PMI Certified (CAPM 2019-2024)

Scrum master and project lead with over 8 Years of rich experience in waterfall and agile across all practices in client services. Proficient in various roles in IT/Software domain involved in Scrum, Project management, software development and support, functional and technical documentation. I started my career with software developer and grew into project manager.

Core Qualification –

- Proficient in Scrum and SAFE process along with team coaching, very good communication and interpersonal skills
- Software development using C#, ASP.NET MVC, WEB API, PL-SQL and SQL Server, Azure cloud computing
- Problem solving, troubleshooting
- Proven ability to creatively work with big and small teams
- Because I grew from a developer to project manager, I am natural at teamwork and understanding technical impediments.

You can't miss this !

My creative side is not limited in corporate life, I am also an entrepreneur where I live another passion of mine which is 'Performing Arts'. To fullfill my creative thrust I run a 'Theatre Club', where I work with all age groups to bring their creative best. This entrepreneur stint has given me an amazing confidence to be able to conceptualize an idea and executing it to perfection.
